CRCHC to Provide COVID-19 Vaccines to Catawba College Students and Staff

Cabarrus Rowan Community Health Centers, Inc. (CRCHC) is excited to be partnering with Catawba College, located at 2300 W. Innes St., Salisbury, NC 28144, to provide COVID-19 vaccines to the students, as well as staff. Catawba College requires their student and staff population to be 100% vaccinated to be on campus.

CRCHC's mobile unit will be at the college campus throughout the months of August and September providing the vaccines. Students and staff will only need their student ID card and proof of health insurance to get vaccinated. Currently at CRCHC, we are providing the Moderna two-dose vaccine to patients.

Cabarrus Rowan Community Health Centers, Inc. (CRCHC) is a community-based nonprofit organization founded in 2003 and dedicated to positively impacting the health of the community. CRCHC serves more than 12,000 patients annually by providing quality medical, dental, and behavioral health services, without regard for a patient's ability to pay, and serves as a community resource for eliminating health disparities.
